That third party often holds on to those checks until they have enough to warrant sending through the mail. **The check that they issue to Rio Alto can take over 10 days to be received by the District. Please allow adequate time to avoid a delinquent charge.** Customers can also sign up for auto draft payments by completing the form found on our website or at the District office. This service is free and will ensure payment is received before delinquent charges are assessed.

**Save Money!!:** All residents should have their outdoor irrigation systems turned off by now. This will save water and money!! If you have outdoor exposed pipes and valves, we recommend that you insulate them in preparation for winter temperatures. It is also very important that residents know the location of their shut-off valves in the event of water emergencies.

**Notice to Contractors:** Water and sewer connection fees will be increasing January 1, 2026. If you plan on building within 6 months you might consider completing your application with payment before January 1<sup>st</sup> to save money.

**Repairs/Maintenance:** We are still waiting on the major repairs to be started on Dinghy. Please have respect for the workers in the road, slow down and follow traffic control instructions.

**Please sign up for Alerts from Rio Alto Water District.** Our alerts can give you advance warnings on PSPS events, status of water/sewer line repairs, updates on current disasters, and boil water notices. Just go to [www.RAWD.org](http://www.RAWD.org) and sign up!
